

Quality sports coaching

Fantastic value
for money

Are you ready
for **Funn**?

hello@thefunnclubb.co.uk

thefunnclubb.co.uk

This brochure was made to give schools more insight into our services, details of our services and the benefits of our services within primary school settings.

The FunnClubb was founded with an aim of providing all children with sessions that prioritise fun, safety and learning.

With more and more kids becoming inactive or only interested in specific sports, we sought to find a way to coach many different sports in a fun and engaging way. With qualified coaches and regular observation of coaches, **we can do just that.**

The FunnClubb offers primary schools a **fully comprehensive PE program**

With the help of our qualified coaches, we can provide your school with fantastic PE Provision.

Our PE Provision follows the national curriculum requirements and incorporates the OFSTED framework.

Each PE session starts by outlining the lesson learning objectives with a transparent success criteria to ensure children know and understand what needs to be done to ensure success in each lesson. This is constantly monitored throughout the lesson as a means of assessing each child and ensuring each child fully understands how to achieve the lesson objective. Schools will be provided with a yearly curriculum map that includes the unit of work the children will be covering. This can be worked on alongside the headteacher/current PE Subject leader to ensure all parties are happy with the map.

The level of service that we offer will help schools achieve **above National Curriculum goals for Reception, Key Stage 1 and Key Stage 2 pupils.**

We will also provide you with a **termly assessment of each child's progress**, which outlines the level that each child is working at in relation to the unit of work they've completed.

Planning & Assessment

We offer planning and assessment with our PE Curriculum Provision Program. Each lesson has a starter activity, teaching points, skill development and learning activities. Within each unit of work are learning objectives, we grade each child's success of each learning objective using;

Achieved • Not achieved • Working towards

Head, hand and heart linked statements are used for each relevant learning objective to encompass the wider learning children acquire in PPA. If schools have a different method of assessment that they would like us to follow, then we are able to adapt to meet individual school's requirements.

PPA benefits

- We will provide **fully qualified coaches to deliver all sessions**
- All the provision we deliver at your school will be continuously monitored to **ensure high standards are being met**
- We are willing to structure our provision to **suit the needs of your school**
- Comprehensive system to guide coaches with PPA
- Option to teach from Reception to Year 6
- Access to our FunnClubb Reward Charts at a discounted price (great for goal setting)
- Fantastic discounts depending on contract length
- FREE (no obligation) trial to monitor the way in which we provide PPA
- Floating members of qualified cover staff, to ensure you're covered even when your coach is ill

Extra-curricular clubs

There are many different ways in which to engage primary school children in extra curricular clubs. Run special clubs for different groups e.g. gifted and talented? Organised Lunchtime play, involving weekly competitions? Boxercise for breakfast club kids?

Breakfast Clubs

Parents need to get to work early. The solution is to bring their child to a breakfast club.

From Boxercise to Tennis, we can bring our qualified coaches with their own equipment to provide your school with the best breakfast clubs for kids.

Like all our clubs, our goal is to make the session fun and engaging, so kids can start the day as energised and as bright as possible. Also, did you know that Breakfast Clubs/After School Clubs can be solely managed and monitored by us? We can take away the stress of chasing down payments, sending emails and managing registers through our award winning management system. Saving you the time and hassle.

Lunchtime Clubs

Our Lunchtime clubs can range to suit the needs of your school.

We can run organised lunchtime clubs to different year groups and engage them in competition style games or we could work with a select group of students e.g. gifted and talented, SEN children, inactive pupils etc. All Lunchtime Clubs are coached to engage children and have fun.

So whether you need an extra hand in managing the kids during lunchtime or you're looking for a club that can provide fun exciting games to build confidence, social skills and improve fitness. We can help.

After School Clubs

After school clubs are very popular for busy parents.

We run after school clubs everyday with sports ranging from Boxercise to Football. We treat these clubs similarly to PE lessons. This is because we believe we can use this extra time to engage children in sports they may not be familiar with.

By using 12 week programs we can reward children with a FunnClubb certificate at the end of each term, (kids love them) letting them know how well they've done in a particular sport. After school clubs can either be funded by the school or paid for by the parents of the children who attend using our award winning management system.

Would you like a **free trial**?

To see how we offer our service, we offer a free trial (no obligation) to schools seeking out a coach for any type of provision.

During this free trial. We will...

- Provide you with the coaches DBS number or a copy of their DBS before they lead the class
- Provide you with a coach for the amount of time that you require. e.g. for PE session, lunchtime club, after school club etc.
- Come equipped with our structured lesson plan, so you monitor the lesson objectives and how it will be achieved (PPA)
- Handle the register (if sent to us) and send children through to get changed before lesson starts. Also, getting them changed back into their uniform after the lesson ends. Enabling you to see how we manage the kids. (PPA)
- Arrive early to your school to talk to class teachers in regards to information we need to know, such as any additional needs or individual behavioural concerns.

Our teaching approach

To ensure a lesson is successful, coaches always have to be on top of low level behaviour. Although not easy to manage, we can use a number of reward systems to limit the low level behaviour. Some kids who just aren't as enthusiastic require an incentive to encourage them to participate in a more productive manner.

These include but are not limited to; medals, certificates, reward charts etc. Our coach will have a chat with the headteacher/PE Subject Leader in regards to the best reward systems to use, if any. During the trial, any behavioural concerns with particular pupils will be discussed beforehand so coaches are well prepared. We always positively praise children for good effort and success to upkeep a positive environment that enables all children to strive to follow rules, respect others and play in a fair manner.

Lesson learning objectives

A lesson begins with an outline of the lesson's learning objectives. This is to make sure children know their targets for the lesson and how they will go about achieving this. We constantly refer back to the objectives throughout the lesson as a reminder.

Our planning of lessons using our fantastic system (which all schools who contract us for PE have 24/7 access to) is filled with lesson plans that incorporate the use of progressive activities, skillsheets and flashcards. All designed to ensure success in each lesson.

At the end of each term, each child is assessed on the unit of work they've just completed (PPA). This means within each session, coaches have to carefully monitor each child's progress so they can give a fair assessment when the time comes.

As with all our sports provision we want every child to feel valued. As a result of working with over 1000 kids in the past year from our own extracurricular clubs we understand how important it is to reward all children for good behaviour and hard work. We understand how important it is to be understanding, inclusive and welcoming.

It's a big deal to children. So it's a big deal to us!

The **more** you can keep **children moving and active**, the **more progress** they'll make. **Simple.**

Some clubs have a tendency of organising activities that leave children with little active time. Waiting in queues or engaging in whole group matches is a sure way to ensure little student activity.

Our philosophy is to keep children physically active for sustained periods within the lesson. By organising small sided games in different areas, bringing along enough equipment for classes, making the most out of the facilities provided, **we can make sure the quality of the sports provision in your school is on an upward trajectory.**

FunnClubb Reward Charts

We all know at times, children need a little boost. Reward charts do just that. On completion of a reward chart. Children hand it into their coach and receive a prize. It works best when prizes are tailored to individual classes e.g. Golden badge on completion of 12 weeks of a gymnastics after school club.

Structured P.E Lessons

Full planning, delivery and assessment of progressive P.E lessons across KS1 and KS2.

Extra-Curricular Clubs

Breakfast and after school clubs are managed solely by us, using our award winning management system. All payments are parent funded, so you don't have to worry about finding a coach or coming up with 12 week programmes to widen the schools provision range. Lunch Clubs and Break time provision can also be organised and delivered to ensure safety and fun outside of lesson time.

Funn Sports days, Funn Tournaments and Funn Competitions

Kids can be extremely receptive to new things, new surroundings and special days. We can organise a unique, tailor made sports day, tournament or competition for each key stage. We provide a risk assessment, equipment and the coach/es needed to run it. Leave it to us and let us take care of the hard work.

Holiday/Sports & Arts and Crafts Camps

Busy parents means a frantic search for childcare for the holidays! Arts and crafts and Multisports are a hit with children that want to try out different activities outside of school hours. The FunnClubb can run a holiday camp in the school, for parents whose children attend the school or open bookings up for all children. For our past 6 camps, we've had over 720 bookings. By offering discounts, early bird bookings etc. we can make sure you keep parents happy, kids happy and your school busy! We can manage bookings and admin. Hassle free.

Want one of our amazing coaches to come round and deliver a **FREE** session?

hello@thefunnclubb.co.uk

What level of support is right for your school?

Our FunnClubb coaches can deliver between 5 - 40 hours of support/provision each week.

Full Day Sports Coach - We understand the school day is a lot more than just P.E and sports. By contracting a FunnClubb Coach for 1,2 or even 3 full days. You are adding a valuable member of staff to your school that will slot right in. They can help out at break times, lunchtimes and offer support wherever is needed. That means you have a flexible team member.

How about an hourly package, if you're not ready for a Full time sports coach just yet!

A 5 -10% discount can be applied when schools contract coaches from The FunnClubb for a longer term.

All initial rates are based on a school year-long programme.

Package rates are shared with schools upon request.

At The FunnClubb, we provide fun and creative wraparound care sessions for primary school

We aim to provide your pupils with sessions that prioritise fun, safety and learning, before and after school. All onsite staff are DBS checked, first aid trained and FA qualified, with lots of experience in providing high-quality childcare. Our wraparound care can be tailored exactly to your school's needs.

What's more, we offer schools a free, no obligation trial, which parents don't have to pay for, so you can see how we manage kids in our care.

Our Ofsted registered wraparound care is proven to provide pupils with an active learning environment, where we encourage them physically, mentally and socially.

We run both breakfast and afterschool services, which is the perfect solution for busy parents who need to get to work early and finish work late

Our wraparound care provision includes:

- Healthy snacks
- Sports, games, art and crafts activities
- Homework assistance
- And much more!
